

Dawson Creek Better at Home E-Newsletter

Dawson Creek Better at Home **Seniors' Help Line**

250-219-2119

Any senior can call for help accessing services, information, and resources. If we don't know it, we'll find out and get back to you. All calls and messages will be responded to.

We also invite **organizations, businesses and service providers** to call and give us your information on your senior services. We are in regular contact with over 200 local seniors and can get your message to them.

United Way helping seniors remain independent.

South Peace Community Resources Society

Better at Home is funded by the Government of BC and managed by the United Way of the Lower Mainland
Hosted in Dawson Creek by SPCRS and SPSASS

Better At Home Services During the CoVid Pandemic

During the pandemic, Better at Home has closed our office in the Co-op Mall. Due to health regulations, we are unable to send volunteers or contractors into seniors' homes.

We do have many volunteers available who can visit by phone. We are also offering a Seniors' Help Line—250-219-2119, where seniors can call in for assistance locating services, information, referrals, and resources.

Any senior is welcome to call if they need help. If we don't know about it, we'll research it and get the answers and call the senior back.

We also invite agencies and service providers to contact us and give us their information. We are regularly in touch with well over 200 local seniors and would be pleased to refer them on to you.

We always like to collaborate and partner with other organizations, but right now it's even more important that we support each other so we may better support our senior clients.

250-219-2119 - From 9am to 4:30pm - Monday to Friday. All calls and messages will be responded to.

Thanks

Stay Home; Stay Safe!
